

LOADER FORKS

SERIES LF800 AND LF 1500 LOADER FORKS

FIXED FORK POSITION FOR MAXIMUM ECONOMY

Economically priced, the Loader Fork converts a bucket loader to an efficient front end fork lift. A unit is available for most popular loader models. Each is designed for maximum strength and minimum cost. Mountings to fit most tractor loaders including quick detachable buckets.

SERIES LF2500 AND LF3500 LOADER FORKS

ADJUSTABLE FORK POSITION FOR MAXIMUM VERSATILITY

Ideal for transporting and stacking a variety of loads, this Loader Fork attachment offers adjustable spacing of the forks. Forks are available for 2500 or 3500 pound capacity. Standard carriage width is 36 inches. Make the front loader even more useful with an Edwards Model LF2500 or LF3500 Loader Fork attachment. You can be confident it is made of high quality material. Optional side shift for tight stacking is available.

DH8300 LOADER MOUNT 3-POINT HITCH

THE LOADER MOUNTED 3 POINT HITCH

The Loader mount 3 point hitch replaces the bucket and allows most category 1, 3-point attachments to be mounted to the loader. Think of the added possibilities for your loader.
