

# TRANS-FORK

**Series TF7900** 4000 lb. Capacity

## **TF79120S LIFT WITH OPTIONAL REVERSE STEERING AND OVERHEAD GUARD**

- Lifting heights of 5-12 ft.
- Heavy-duty industrial type roller mast for hard use and long life.
- Sub-frame mounting incorporates dual tilt cylinders for precise positioning
- Easily installed or removed if necessary
- Can be mounted in conjunction with front end loaders
- Some mountings for back hoe sub-frames
- Coupled with the Edwards reverse steering and overhead guard, it makes an ideal all terrain agricultural or industrial lift truck
